October News

And we all, with unveiled face, beholding the glory of the Lord, are being transformed into the same image from one degree of glory to another. For this comes from the Lord who is the Spirit.~ 2 Cor 3:18

Touch this generation and the next

Singer and songwriter Sara Groves has a song called "Generations," with a couple of lines where she asks the Lord, *Remind me of this with every decision - generations will reap what I sow. I can pass on a curse or a blessing - to those I will never know.*

At Life Choices Pregnancy Center we understand this point all too well. When a young woman comes in our door, we know that generations will either benefit or suffer from her decision. We are also aware that our ministry can have an impact on her decision and therefore future generations.

This idea excites us because we know that the unconditional love of Jesus Christ that fills our hearts, has tremendous transforming power. When Susie walks through our door feeling nervous and alone, she is greeted with smiling faces and loving hearts. As she shares her fears with us, we listen with compassion. As she seeks answers for her situation we are able to offer her support and hope. Love like this accepts others where they are while inviting them to grow. This is the kind of love that can move mountains.

The Lord has given us a chance to touch the lives of people we will never see through the ones we do. That means we get to partner with God as He pours his love out on others through us. What an honor! We get a front-row seat to God's miracles. We get to watch how He brings the perfect volunteers to meet with each individual client. We are amazed at how He draws the donors to give of their hard earned money so that we can provide our free services. We see how He infuses courage into the fearful, peace into the anxious and joy into the brokenhearted. We marvel as He changes hearts, circumstances, relationships and lives for the better. Every step of the way we are being filled with assurance that He will not fail us.

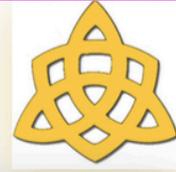

We are thrilled to be able to touch this generation and the next as Christ equips us and we invite you to join us on this incredible journey, but I warn you, buckle up because it is a wild ride!

Blessings,

Christine Denova
